## QUICK REACTION RADIO STATION

PROJECT REQUIREMENT

To package an RS-1 in a piece of commercially available luggage in such a manner that the unit can be operated in or removed from the carrying case.

PROJECT DESCRIPTION

On numerous occasions it has been necessary for OC-AD staff officers to respond to a communications emergency by carrying an available RS-1 in any available containers to the locations. A pre-packed RS-1 station with all necessary operating equipment and spares would be of value in this application.

APPROVED BY <b>/FGI/</b> <b>/HME/</b>	STARTING DATE <b>August 1961</b>	COMPLETION DATE
---	-------------------------------------	-----------------

An RS-1 and Samsonite suitcase have been delivered to  for packaging.
